

What to do when an...

EMERGENCY VEHICLE

APPROACHES A ROUNDABOUT

KEY

-  Stopped
-  Yielding
-  In Motion
-  Ambulance

After you exit the roundabout, move to the right and stop so the emergency vehicle can safely pass.

If you are already in the roundabout, **do not stop** because the emergency vehicle may not be able to safely pass.

Do not enter a roundabout when an emergency vehicle is approaching from another direction.

Prior to entering the roundabout, move to the right so the emergency vehicle can safely pass.

EMERGENCY VEHICLES

Drivers are trained to pull over when an emergency vehicle is coming because it's the law. In the case of roundabouts, the Wisconsin Department of Transportation (WisDOT) states that motorists must clear a roundabout if they hear (or see) an emergency vehicle coming.

Motorists should immediately exit the roundabout at the next right.
