

## How to Drive Through a Roundabout

# ALWAYS YIELD TO ALL CIRCULATING TRAFFIC

## YIELD

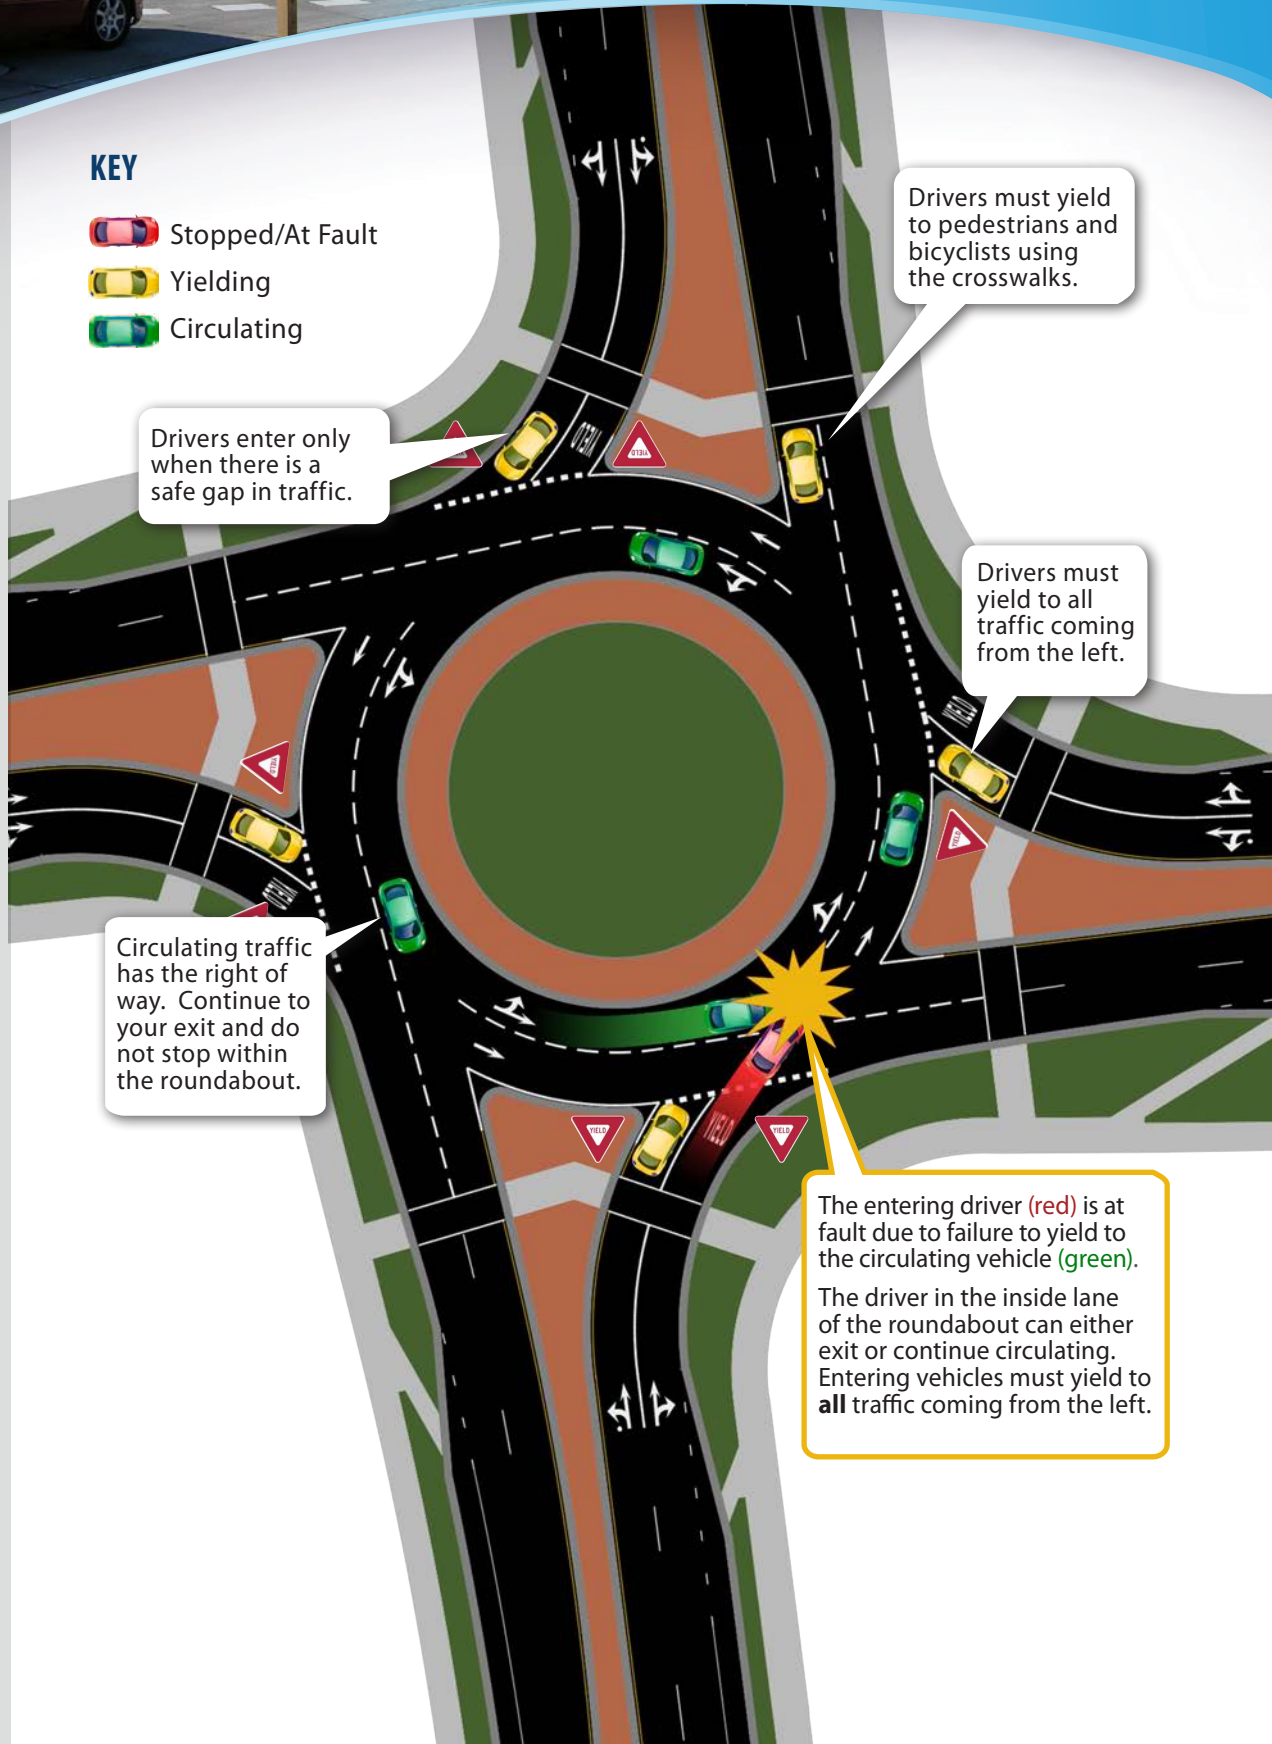

The "Golden Rule" of roundabouts.

Drivers entering a roundabout must yield to circulating traffic, pedestrians and bicyclists.

Drivers in the circle have the right of way. A motorist approaching a roundabout should wait for a safe gap in traffic before entering.

### KEY

-  Stopped/At Fault
-  Yielding
-  Circulating

Drivers enter only when there is a safe gap in traffic.

Drivers must yield to pedestrians and bicyclists using the crosswalks.

Drivers must yield to all traffic coming from the left.

Circulating traffic has the right of way. Continue to your exit and do not stop within the roundabout.

The entering driver (red) is at fault due to failure to yield to the circulating vehicle (green). The driver in the inside lane of the roundabout can either exit or continue circulating. Entering vehicles must yield to **all** traffic coming from the left.
